Letter from the Principal

Dear Members of the Class of 2019:

It is hard to believe that four years have passed and that each of you is nearing the most anticipat day of your life thus far- graduation day. Until now, everything you have done with your li has been focused on this goal and here we are and the goal is about to be achieved.

There have been so many wonderful days spent with the class of 2019 at Mount Saint Josep Academy over the past four years. There have also been so many accomplishments. It is n every class that can brag that they won a state championship in basketball every year they we in high school. Your class has countless athletes who have represented you in North/South gam and several who revitalized the skiing program and then brought home a district championsh this year. The class of 2019 includes many leaders who helped the Wave Riders group move forward in so many ways a well as organize and execute Project Help in an incredible way. Members of the class of 2019 served the local hospit accruing hundreds of hours as volunteers. The class of 2019 is wonderful in so many ways.

Someone once used the word "contagious" to describe the class of 2019. In this, they meant that all the positive attribut the class of 2019 have been contagious within the walls of MSJ. All the leadership you have shown has been contagious in getting others to join in. All of the volunteer hours have been contagious in encouraging others to get out there. All of the smiles and laughter have been contagious to the other students, faculty and staff leading to a fantastic spirit throughout the building. We thank you all for your contagious spirit over the last four years.

As you leave the walls of Convent Ave and move on in this life, please know how much you will be missed. Please come to visit us often and remember—"Once a Mountie, always a Mountie." Eleanor Roosevelt said, "The future belongs to those who believe in the beauty of their dreams." We have seen all of you dream big over the last four years and we cannot wait to see where the future leads you. We will revel in the success that is sure to come from whatever you choose to do. Thank you for leaving your mark on MSJ, class of 2019. We wish you all the joy this life has to offer.

May God Bless you,

Sarah M. Fortier, '99

Letter From Vice Principal

To the Class of 2019,

Bill Gates once said, "If I'd had some set idea of a finish line, don't you think I would have crossed it years ago?"

Graduation is something you all have looked forward to for some time now. You have ong awaited the day that you would attend class at MSJ for the very last time. You've reamed of coming to Mountie Madness on your last day of school and receiving this yearbook and getting it signed by all of your friends. You have yearned for a finale, for t to be over. Please remember that every end is a new beginning. This might be the end f your high school career but this is the beginning of your life as you see it.

Until this point you have been a product of your parents, of your family, of your school nd your teachers. You have been formed by the adults around you to be a good person, a good student, and despite what ou think- you've had little choice in the matter. Now, no matter what your next step looks like, you get all of the choices. This is your life- live it on your terms. Don't be excited that high school is over- be excited that your adult life is beginning.

I see in all of you a potential for happiness. Most of us will not be rich, most of us will not be famous. None of us will be both, probably. I believe, however, that we can all be happy. Take a few years and find out what happy looks like for you. It is different for all of us, and only you can decide what your happiness is. You are entering an exciting time in your life but you will have roadblocks and obstacles. Do not let the stress or frustration deter you from reaching for the good in life. When you find it, I hope that you will chase it with reckless ambition. You will get where you want to be if you decide it is so—never underestimate the power of a young person with passion.

Congratulations on all of your accomplishments. I look forward to hearing of your happiness in the future.

Here's to you, MSJ Class of 2019!

Love always,

Coach Hall

Letter From The Editor

Dear MSJ Community,

In *Alice's Adventures in Wonderland*, Lewis Carroll said, "it's no use going back to yesterday, because I was a differe person then."In a way, this is true. We can not go back to yesterday, but we can keep looking forward. In my four years Mount Saint Joseph Academy, I have become a completely different person now, then I was when I first walked throu the doors. I have found the meaning of friendship, love, and belonging. The friends I have made, are the type of frien that stay with you for life. MSJ has helped me, as well as many others, find themselves in the process of receiving amazing education.

MSJ gives students the tools they need in order to move onto college with a strong foundation. They are prideful of t fact that they have clubs such as Student Ambassadors and Student Government. These clubs give students the ability be more independent and give them a taste of how to work with others. It also gives students the opportunity of learni how to debate with fellow classmates in an organized and respectful manner.

he classes, although challenging at times, have really helped to show me that, all it takes one teacher or classmate, or really good friend to support you through it. When I thought could not possibly pass AP Biology class, my teacher worked with me until I understood e course material. She never gave up on me, even though, quite honestly, I seemed just bout hopeless (there are more than two different kinds of cells?!).

y time at MSJ has taught me not to give up when things seem difficult. It has also taught e that it is perfectly acceptable to get beaten down, only as long as you get back up again. ven though I have known since the first day of freshman year that graduation was not o far away, I still never expected it to come as quickly as it has. These past four years ve truly been the best of my life. My advice to the underclassman would be: do not let lly high school drama keep you from having the time of your life, because if you blink, u just might miss it.

hank you MSJ,
atima Hussnane, 2019

the 2018-2019 yearbook is dedicated to

Mr. Michael Audette

"A good teacher, like a good entertainer, first must hold his audience's attention, then he can teach his lesson."
-John Henrik Clarke

Mr. Michael Audette always has the attention of each of his students. Through his joke and laughter, his students are engaged and excited about his class everyday. He is dedicated to the well-being of everyone in the school, and would go the extra mile to b sure that they are smiling. Teaching religion to high schoolers is anything but easy, bu somehow he has made it meaningful to each individual learner, regardless of their religious identity. All of his pranks and wittiness are greatly appreciated, but what reall makes Mr. Audette deserving of this dedication is his devotion to the success of his students.

In the past twelve years that he has been teaching at Mount St. Joseph Academy, Mr. Audette has designed and planned the biennial Washington D.C. trip, advises Campus Ministry, and shoulders multiple other responsibilities. He would never hesitate to step into any position, on behalf of any student, despite the sacrifices that would be necessar for him to take on. He takes the time to ensure that every student feels valued and significant. Mr. Michael Audette does this simply because he loves his job and does it a for the right reasons.

Thank you for making MSJ a "place to belong" for every student, Mr. Audette!
